### **I. Swabhimaan Kendra Pariyojana:**

- Swabhimaan Kendra Pariyojna is a FDA India initiative launched to support people who cannot afford FMCG products and agricultural inputs due to high market prices.
- Given the widespread poverty, many people struggle to access the essential resources needed for successful farming. Swabhimaan Kendra aims to provide affordable and high-quality agricultural inputs like seeds, fertilizers, and tools directly to people. By reducing costs and ensuring accessibility, this initiative helps people improve their productivity and livelihoods.
- It also offers training and support, empowering people with the knowledge and skills to boost their agricultural practices sustainably. Swabhimaan Kendra is a step towards uplifting our agriculture community and ensuring food security for all. It is proposed that at least one Swabhimaan Kendra will be opened in each of the 766 districts of the country to be extended to sub-divisional levels as well as major towns and village centres.

### **II. FDA India:**
